PRINCE YEMOH FOUNDATION

Creating Opportunities. Changing Futures.

FOUNDATION PROFILE

The Prince Yemoh Foundation is a social impact initiative committed to empowering individuals, supporting underserved communities, and creating sustainable opportunities for growth and development.

Through its focus on vocational skills development, education, sports, and health, the Foundation seeks to improve lives, unlock potential, and build stronger, more resilient communities.

Driven by a vision of empowered and self-reliant individuals, the Foundation aims to equip people with practical skills, expand access to education, nurture sporting talent, and promote healthier lifestyles.

Through strategic partnerships, community-based programmes, training initiatives, and targeted interventions, the Foundation seeks to address critical social needs while creating sustainable pathways for individuals and communities to thrive.

1. OUR VISION

To build empowered, healthy, educated, and economically independent communities where everyone has the opportunity to reach their full potential.

2. OUR MISSION

To create meaningful opportunities for individuals and communities through vocational skills training, education, sports development, and access to essential healthcare support.

OUR FOUR PILLARS

01. VOCATIONAL SKILLS & EMPLOYMENT

We believe practical skills are among the most powerful tools for reducing unemployment, poverty, and economic dependency. The Foundation seeks to equip young people and vulnerable individuals with employable, entrepreneurial, and technical skills that enable them to secure jobs, establish businesses, and become financially independent. Our focus is on creating pathways from skills training to employment and sustainable livelihoods.

02. EDUCATION

Education is fundamental to personal development and societal progress. The Foundation seeks to promote access to quality education by supporting students who face financial, social, and resource-related barriers. Through educational assistance, mentorship, and learning support, we aim to help young people pursue their aspirations and build a brighter future.

03. SPORTS DEVELOPMENT

Sports are more than competition; they are a vehicle for discipline, teamwork, leadership, personal development, and opportunity. The Foundation seeks to identify, nurture, and support emerging sporting talents while promoting grassroots participation, healthy lifestyles, and pathways for young athletes to advance their potential

04. HEALTH & WELLBEING

Healthy communities are the foundation of sustainable development. The Foundation will support initiatives that promote health awareness, preventive healthcare, and improved access to essential medical services, particularly for underserved communities and vulnerable populations. Through outreach programs, health education, screenings, and targeted interventions, we aim to contribute to healthier lives and stronger communities

OUR CORE VALUES

- **Compassion**
- **Empowerment**
- **Integrity**
- **Opportunity**
- **Impact**
- **Sustainability**

OUR APPROACH

IDENTIFY → EMPOWER → EQUIP → CONNECT → TRANSFORM

IDENTIFY - Recognize individuals, groups, and communities with genuine needs, potential, and opportunities for intervention

EMPOWER - Build confidence, knowledge, motivation, and the capacity to take charge of one's future

EQUIP - Provide the skills, tools, resources, training, and support needed to succeed

CONNECT - Create links to employment, mentorship, educational institutions, businesses, professionals, and strategic partners

TRANSFORM - Deliver measurable, sustainable change that improves lives and strengthens communities
